NEKTON®

NEKTON LORI PRIME

Complete feed for all lories and hanging parakeets

Available in:

500g | 1000g | 3000g | 6000g

A Modern Complete Feed

NEKTON-Lori-PRIME is a newly developed complete feed based on the latest scientific findings. Building on almost 50 years of experience in bird nutrition, the formula has been specifically further developed to meet today's high standards of quality and nutrient supply. The feed covers daily nutritional requirements and supports vitality, feather quality, and overall well-being.

Optimized Formula

Compared to NEKTON-Lori, **NEKTON-Lori PRIME** is even better adapted to the physiology and digestion of lorikeets. The focus is on efficient feed utilization that reflects the birds' natural food sources as realistically as possible. This provides a health benefit and contributes to maintaining the birds' stable condition.

High-Quality Ingredients

The balanced composition includes easily digestible carbohydrates, high-quality protein sources such as insect meal, and natural fruit components. The formula is complemented by functional ingredients such as cell wall components from brewer's yeast, probiotic cultures, as well as papaya and spirulina. These support a healthy gut flora, strengthen the immune system, and promote the birds' vitality.

Easy to Use

NEKTON-LORI PRIME is simply mixed with lukewarm water—no mixer or whisk required. The fine, water-soluble texture ensures high acceptance and clean, convenient handling. The feed is ideal for daily nutrition as well as for breeding and rearing all lorikeet species.

MADE IN GERMANY

NEKTON®

Composition:
Dextrose, soy protein isolate, puffed rice, fructose, honey powder, ground oat bran, sucrose, flower pollen, papaya, mango, calcium lactate, Hermetia powder (black soldier fly), Spirulina, brewer's yeast cell walls (with mannan-oligosaccharides and β-glucans), beta-carotene, sodium chloride, calcium gluconate monohydrate, potassium dihydrogen phosphate, magnesium carbonate, potassium chloride, calcium glycerophosphate.

Additives:

Nutritional additives per kg:
Vitamin A 39,600 IU, Vitamin D3 1,998 IU, Vitamin E (all-rac-alpha-tocopheryl acetate, 3a700) 40 mg, Vitamin B1 (thiamine mononitrate) 24 mg, Vitamin B2 (riboflavin) 26.7 mg, Vitamin B6 (pyridoxine hydrochloride) 17.3 mg, Calcium D-pantothenate 20 mg, Niacinamide 60 mg, Folic acid 1.3 mg, Vitamin B12 (cyanocobalamin) 2,345 µg, Vitamin C (L-ascorbic acid) 200 mg, Vitamin K3 (menadione sodium bisulfite) 8 mg, Biotin 10,230 µg, Choline chloride 100 mg, Iron (iron(II) sulfate, monohydrate) 5.08 mg, Copper (copper(II) sulfate, pentahydrate) 5.07 mg, Zinc (zinc sulfate, monohydrate) 20.08 mg, Manganese (manganese(II) sulfate, monohydrate) 16.88 mg, Selenium (Sodium selenite) 0,05 mg, Iodine (calcium iodate) 0.14 mg

Technological additives:
Sorbic acid, silica (precipitated and dried)

Zootechnical additives:
Enterococcus faecium DSM 10663 / NCIMB 10415: 3.5×10^{11} CFU/kg, Bacillus velezensis DSM 15544: 1×10^{11} CFU/kg

Analytical constituents:
Crude protein 15%, crude fat <1%, crude fiber 0.6%, moisture 2.5%, crude ash 2.5%

This special combination of active ingredients provides:

- Complete **nutrient supply** for lories and hanging parakeets
- **Healthy digestion, plumage quality, and vitality**
- **Stable gut flora** through probiotic cultures
- **Strengthening** of the immune system and natural coloration

Feeding recommendation:

Mix **15 g** (1 measuring spoon) of **NEKTON-LORI PRIME** with **75 ml of lukewarm water** (38–40 °C). Stir gently – do not use a blender or whisk.

MADE IN GERMANY

TIP:

Always prepare **NEKTON-Lori PRIME** fresh in small portions and offer it only freshly mixed to your birds. Use clean feeding dishes only – bowls or containers that have not been thoroughly washed should never be reused. Ensure the feed is served at room temperature, as mixtures that are too cold or too warm may reduce acceptance. A quiet, stress-free feeding environment encourages relaxed feeding behavior and complete intake.

Precautions:

- Store the product in a **cool, dry, and light-protected place** at all times.
- We recommend using the product within 3 months after first opening.
- Do not store in the refrigerator.
