NEKTON BLUE OCEAN

Cosmetic care product for ornamental birds

Available sizes:

60g | 200g | 950g

Gentle Care for Skin and Plumage

NEKTON-Blue Ocean is a cosmetic care product for external use in pet birds. This mild bath salt blend is specially formulated to care for the skin and naturally support feather health. Ideal for regular use.

Naturally Supports Preening Behavior

Bathing is part of the natural behavior of many bird species. **NEKTON-Blue Ocean** gently encourages this behavior and helps remove dirt, dust, and skin particles from the plumage—promoting a well-groomed appearance and overall well-being.

For a Comfortable Skin Climate

Dry indoor air or molting periods can put stress on the skin. The nurturing ingredients in **NEKTON-Blue Ocean** help maintain a balanced skin microclimate and relieve feelings of tightness—completely free of irritating additives.

Easy and Versatile to Use

Whether for everyday care or during times of increased stress, **NEKTON-Blue Ocean** is easy to measure and apply. The addition of eucalyptus oil gives the bath a refreshing component, ensuring a pleasant and soothing care experience.

This special combination of active ingredients provides:

- **Cleansing** of skin and feathers
- **Care and hydration** for sensitive skin areas
- **Enhancement of feather sheen**
- **Odor reduction and** improved hygiene
- **Calming effect** on animal behavior

More information about **NEKTON Blue Ocean** and other products for birds, reptiles, dogs, cats and rodents can be found on our website **www.NEKTON.de.**

Composition:

Sodium chloride, sodium carbonate, silicon dioxide, Acid Blue 9 (colorant), eucalyptus oil

Directions for Use:

Dissolve **½ measuring spoon (approx. 1 g)** of NEKTON-Blue Ocean in **250 ml of lukewarm water.** The bath can be offered **1–2 times per week**, depending on the bird's needs. Regular use is especially beneficial during molting or when kept in dry, heated indoor environments.

Vorsichtsmaßnahmen:

- For **external use** only – not for consumption or internal application!
- Do not use on **chicks under 4 weeks of age.**
- Store in a **cool, dry, and light-protected place** at all times.

TIP:

Place the bird bath in a quiet, undisturbed area to allow the bird a relaxed bathing experience. Voluntary use of the bath is essential—never force the bird to bathe.

Additional Care Recommendations:

For comprehensive skin and feather health, ensure a balanced diet rich in all essential nutrients. During molting or periods of increased stress, we recommend combining with **NEKTON-Biotin** (for internal support of feather development) and the multivitamin supplement **NEKTON-S.**
