NEKTON
DOG NATURAL BARF

Complementary feed for dogs for raw feeding
with Omega 3/6 fatty acids

Available sizes:

120g | 350g | 650g

Composition:
Minerals, linseed (10 %), carrots (8 %), rose hips (6 %), dried brewer's yeast, sea algae (Ascophyllum), apple pomace, dandelion leaves (4 %), nettle leaves, rapeseed oil

Technological additive:
Calciumlactat (Pentahydrat).

Analytical components:
Crude protein 1.8 %, crude fat 3.5 %, crude ash 20.4 %, crude fiber 4.6 %, calcium 12.2 %, phosphor 0.2 %, sodium 5.5 %.

Feeding recomendation:
Mix daily 1 slightly rounded teaspoon per 10 kg of body weight under the food.
Maximum 6 teaspoons per day.

Precautions:
- Store the product **between 15 °C and 25 °C, in a dry place protected from light**.
- We recommend using the product within 3 months of opening

TIP:
To ensure an adequate supply of essential fatty acids, approximately 1–2 teaspoons of oil (e.g., rapeseed oil, salmon oil) per 10 kg of body weight should be added to the daily diet. Offal should be fed in small portions.

Natural Complement for BARF
NEKTON-Dog Natural BARF is the ideal supplement for biologically appropriate raw feeding. It provides all essential vitamins and minerals from natural sources, turning a simple ration of raw meat, organ meats, and oil into a complete meal. A high content of selected herbs supports vitality and a healthy metabolism. Free from sugar, flavorings, gluten, and lactose.

Reliable Nutrient Supply
Vitamin and mineral levels in meat, organ meats, and vegetables can vary significantly and may decrease in frozen foods. **NEKTON-Dog Natural BARF** ensures a constant supply of all essential nutrients and contributes to normal metabolism and normal urinary function.

Valuable Plants and Healthy Fats
The formula provides iron, magnesium, provitamin A, vitamin C, vitamin E, as well as omega-3 and omega-6 fatty acids. Inulin from dandelion supports digestion, nettles support urinary tract and immune system health, and brewer's yeast promotes healthy skin and a shiny coat. Unsaturated fatty acids have anti-inflammatory effects and support healthy cellular metabolism.

Easy to Use and Optimal Absorption
All nutrients are provided in a bioavailable form, allowing the dog to utilize them efficiently. The combination of active ingredients supports digestive and bone health, making every meat portion a complete meal.

This special combination of active ingredients provides:
- **Optimal vitality and health**
- **Support** for bones and joints
- **Promotion** of digestion
- **To support the normal inflammatory process**
