NEKTON®

NEKTON NEKTAR PLUS

Complete feed for nectar-feeding birds and butterflies

Available in:

150g | 600g | 1500g | 3000g

Optimal Energy Source for Nectar-Feeding Birdsand butterflies

NEKTON-Nektar-Plus is a high-quality complete feed for hummingbirds, honeysuckles, sunbirds, and butterflies, tailored to the birds' high nutritional and active ingredient requirements.

The carefully balanced recipe mimics natural flower nectar and provides the birds with all essential nutrients.

Thanks to its composition, **NEKTON-Nektar-Plus** supports these birds' rapid metabolism and ensures vitality, activity, and well-being – all year round.

Key Benefits

- Supports daily energy supply
- Contains all essential amino acids in a light L-form
- Promotes vitality, immune system, and plumage quality
- Easy to use, easily soluble

High-Quality Formula

The flower nectar-mimicking formula is supplemented with high-quality soy protein isolate (GMO-free) and flower pollen, which provide all 18 essential amino acids. Unsaturated fatty acids from safflower oil round out the formula. A comprehensive vitamin and mineral blend ensures a stable immune system, strong muscles, healthy organs, and radiant feathers.

MADE IN GERMANY

NEKTON®

Composition:
Dextrose, fructose, sucrose, soy protein isolate (GMO free), pollen, dicalcium phosphate, sodium chloride, calcium carbonate, potassium dihydrogen phosphate, calcium gluconate, thistle oil, magnesium carbonate, potassium chloride, calcium glycerophosphate

Analytical constituents:
Crude protein 2.9 %, crude fat min. 0.3 %, crude fiber 0.1 %, moisture 5.0 %

Additives:
Nutritional additives per kg:
11,900 IU vitamin A, 770 IU vitamin D3, 12 mg vitamin E, 7.2 mg vitamin B1, 8 mg vitamin B2, 6 mg calcium-d-pantothenate, 18 mg niacinamide, 5.2 mg vitamin B6, 0.4 mg folic acid, 30 mg choline chloride, 704 µg vitamin B12, 60 mg vitamin C, 2.4 mg vitamin K3, 70 µg biotin, 20 mg iron (ferrous(II)-sulfate, monohydrate), 5 mg copper (cupric(II)-sulfate, pentahydrate), 4.2 mg manganese (manganese(II)-sulfat, monohydrate), 2.9 mg zinc (zinc sulfate, monohydrate)

Technological additives:
Sorbic acid, silicic acid (precipitated and dried)

Feeding recommendation:
For butterflies and beetles:
1 g (1 level scoop, included in the 150g size bottles) of NEKTON Nectar Plus to 10 ml of lukewarm (38-40°C) water

For hummingbirds and sunbirds:
13 g of NEKTON Nectar Plus (1 scoop filled to the fill line) to 100 ml of lukewarm (38-40°C) water

For ornamental lorikeets:
16 g of NEKTON Nectar Plus (1 level scoop) to 100 ml of lukewarm (38-40°C) water

TIP:
When giving the powder for the first time, mix it slightly thinner and gradually increase the concentration. Alternate with fresh fruit to stimulate curiosity and improve intake. For more intense colors, **NEKTON-R** or **NEKTON-Yellow** can be added during the moulting season (1g per 2L of ready-to-use NEKTON-Nectar-Plus solution).

Precautions:
- Store in a dry place, away from light, and at 15–25°C. Do not refrigerate!
- Clean and disinfect drinking and feeding containers daily to ensure hygienic feeding. Avoid open bowls, as they can contaminate the feathers.
- Do not exceed the recommended dosage.
